# K-9 Kraving: Frozen Raw Dietary Supplements

## **Whole/Recreational Options – Beef Knuckle Bones**

### **Healthful Attributes Of Beef Knuckle Bones:**

Beef Knuckle bones provide mental stimulation and are great for canine oral health; especially with Large & X-Large Breeds as knuckle bones are more difficult for aggressive chewers to breakdown

### **Recommendations:**

- PIPES: 6 months and older
- Aggressive Chewers
- Recreational treat
- Dental (teeth & gums) chew

### **AVAILABLE SIZES:**

**1-unit Vac-pack**

**Loose Bulk Case – Special Order**

### **RECREATIONAL FEEDING GUIDELINES:**

**KNUCKLES: 1—size**

**Recommended for aggressive  
chewers and/or large &  
strong-jawed canines**

**L**  **VE AT FIRST**  
**BITE**
